Please consider these recent experiences...

"When we needed flexibility, you provided it along with low cost & great rates. I won't hesitate to call again in the future." Tim Nibbelink

"Comparing apples to apples members of my association would be nuts not to use Fidelity Blueline for their mortgage..." Dana Miletich

"(Patrick & his staff) explained everything, thanks for all the help. This benefit from our association is worthwhile for our members, great job!" Loretta Mann

"...When (my husband) Paul asked other troopers about Patrick, he heard glowing reviews. They told him that Patrick takes care of troopers. Police officers do not trust easily, so the recommendation definitely held weight. Also, with the current animosity toward police officers, it is nice to have a company that is rooting for them & understands the sacrifice of putting on a bulletproof vest...Patrick & his team will go the extra mile to not only provide excellent service but also create a friendship. We highly recommend Patrick & his staff for refinancing or home purchases."
